Construction Equipment Manufacturers

WARRANTY

BENFORD LIMITED (the "Company") undertakes subject to specifics below, for a period of 12 months from date of delivery, that the Company's new machine products shall be warranted against defect in material and workmanship if used and serviced in accordance with the recommendations in Operator's manual.

WARRANTY SPECIFICS

The following information explains in detail, the Company's warranty. These details include an explanation of the criteria for determining warranty, those items covered and not covered, and how to obtain warranty services.

SERVICE

Obtain service by contacting the authorised vendor from whom the item was purchased. If this becomes impractical, any authorised vendor may perform warranty work. For warranty work on the engine contact should be made in the first instance with the vendor.

REGISTRATION

All machines must have the warranty registration forms on file at the Company's Head Office before warranty can be honoured. This must be done within 7 days upon purchase of a new Benford product to ensure warranty.

REPLACEMENT

Genuine Benford replacement parts will be warranted for 3 months from date of purchase or the remainder of the original equipment period, whichever is longer.

COVERAGE

Only defective parts are covered by this warranty. Any part(s) of Benford products found to be defective from date of sale to the first purchaser in accordance with the provision of the warranty will be repaired or replaced by an authorised vendor. This warranty includes the replacement or repair of any part(s) or of machines or approved attachments on Benford new equipment purchased from an authorised vendor (except engines) which are defective in material, workmanship or both. Engines will be warranted as defined by their manufacturer.

Any outstanding warranty is assigned to second users, providing the Company is informed within 7 days of sale.

ENGINES

Engine warranty will be handled by the engine manufacturer and is subject to their warranty terms.

CONSEQUENTIAL LOSS OR DAMAGE

The Company accepts no liability for any direct or indirect consequences of any defects for stoppages or loss of use or accidents or loss or damage of any description.

IMPROVEMENTS

The Company is continually improving its products, and therefore reserves the right to make improvements or changes when it becomes practical and possible to do so, without incurring any obligations to make changes or additions to the equipment sold previously.

MODIFIED OR ALTERED EQUIPMENT

No warranty shall apply on any equipment or parts that have been modified or altered in any way without prior written approval and knowledge of the Company. Warranty will be void if carried out by any unauthorised persons or the use of parts not purchased from or approved by the Company, unless otherwise agreed.

NORMAL WEAR OR MAINTENANCE PARTS

The Company shall not be responsible for normal expendable replacement parts or for parts which are worn out unless they are determined to be defective in material or workmanship.

MISCELLANEOUS

No warranty shall apply to damage resulting from accident, misoperation abuse or damage caused by the environment (such as exposure to corrosive materials), or equipment not maintained per the Operators manual.
